	Repositionable adhesive/High gloss laminate	23626 (30m)	623255 (45m)			15,2mic	3

All consumables are PAT approved.

Xyron Pro Machines

XM1255 for A3, A4

Product Code	XM 1255
Footprint	38 cm L x 48.8 cm W x 45.5 cm H
Document Width (Max)	29.8 cm
Weight	Approximately 6.8 kg
Power Requirements	None
Document Thickness (Max)	3.2 mm
Cutter	Removable, replaceable cutter

XM2500 for A1, A2

Product Code	XM 2500
Footprint	47cm x 71.4 cm x 38.1cm
Weight	40.8 kg
Document Thickness (max.)	2.5 mm
Document Width (max.)	63.5 cm
Power Requirements	None
Cutter	Removable, replaceable cutter

XM4400 for A0

Product Code	XM 4400
Machine footprint (cm)	128.3 cm (L) x 27.94 cm (W) x 36.83 cm (H)
Stand footprint (cm)	125.7 cm (L) x 55.88 cm (W) x 71.12 cm (H)
Machine weight	70.45 kg
Document thickness	2.54 mm
Document size (max)	106.7cm (W) x 91m (L)
Electrically driven cold lamination	110-120V @ 2 Amp (max)
Document Width (max.)	109.2 cm
Cutter	Removable, replaceable cutter

Xyron Pro system

Easy and clean appliance of adhesive and lamination

Xyron Pro system

Xyron Pro offers three solutions in one easy-to-use package:

1. Applying adhesive
2. Lamination
3. A combination of both

Simply feed the item in, turn the handle, and trim. The patented roll-set system allows you to easily switch cartridges between applications. The advanced adhesive formula, coupled with high-pressure rollers, gives outstanding transfer and bonding.

- No smell, no mess, no waiting
- Fast and easy
- Without heat or electricity
- Outstanding transfer and bonding

Xyron Pro is available for different sized documents:

A3/A4 (XM1255) A1/A2 (XM2500) A0 (XM4400)

1 Apply adhesive for perfect presentations

Edge-to-edge coverage in a Safe, Clean and Easy way

Usage mockups, presentations, story boards
Users architects, advertising agencies, printers

If you want to apply adhesive to paper, the adhesive solutions of Xyron Pro are the best solution. The dry transfer technique used in Xyron Pro 1255 and 2500 machines facilitates the easy application of all kinds of studio and presentation work onto mounting or foam board. All adhesives used are acid free.

No smell, no mess

With Xyron Pro there is no odour and no mess thanks to the non-spray adhesive technique used. Using Xyron means preventing any inefficiencies of working with spray adhesive:

- No investments in spray booths and extra ventilation
- No sticky environment or fingers
- No smell

Adhesives for every use

- Repositionable adhesive (easy and clean removal)
- Permanent adhesive
- Permanent High Tack adhesive (extra strong)

2 Laminate to protect and present

Durable and foldable documents

Usage construction drawings, maps, checklists, signs
Users construction workers, foresters, schools, public services

Presentation

If documents need some extra power, lamination of Xyron Pro offers the perfect solution. A glossy finish makes the document perfect for presentation. The finished document can be made exactly size A4.

Protection

When you create documents for heavy usage (outdoor), you want these documents to be strong and easy to use. Xyron lamination offers the best solution to this. Xyron lamination offers good protection and at the same time flexible finish to fold and store your documents easily. The maximum size is A0, making it perfect for maps, or big drawings.

- Glossy finish
- Easy to fold and store
- Perfect for maps or big drawings

3 Combine adhesive and lamination

Adhesive documents with a professional finish

Usage mockups, presentations, story boards, signs
Users advertising agencies, schools, public services

Xyron offers the unique possibility of applying adhesive on one side and a lamination on the other side of a document. This makes it easy to present your ideas in the most professional way. This solution is available with a permanent and a repositionable adhesive.
